VOLUME 37

FRIDAY FEBRUARY 16 1945

NUMBER 39

Funeral Services For Chas. W. Brewerton

Funeral services for C.W. Brewerton who passed away last Tuesday, were held in the Stake House Sunday afternoon at 2 p.m., with Bishop J. Orvin Hicken in charge. The large hall was filled with friends from far and near who had gathered to show their respect to deceased and the family, and the profusion of flowers which covered the lovely white casket and the rostrum were silent tributes from many who were unable to be in attendance.

Members of both ward choirs were in the choir seats under the direction of Ira R. McBride, with Roi Stone at the console. The opening hymn was "Oh My Father" followed by invocation by Pres. Willard L. Smith of the Alberta Stake, after which the choir sang "Jesus, Lover of My Soul."

T. O. King, pioneer merchant of Raymond, with his brother L.D., in whose employ deceased had worked when he first came to Raymond, was the first speaker and related a number of incidents of those early days, during which time Mrs. Brewerton, the wife of deceased had passed away & of the love & devotion which the father had given the children and the love in unity of purpose which had grown into the family circle during the years. Deceased was a man of outstanding qualities and had won the respect and admiration of everyone because of his charming personality.

Frank R. Taylor and Co. sang a male quartette, "Still, with Thee."

Jas. H. Walker had known deceased for 42 years and was well acquainted with all the members of the family, three of whom, Edna, Winifred and Harding and the mother of the family had predeceased him. He was glad to see the remaining five children all present for the service of their father. He felt that it was no time for mourning as deceased had lived long and well and had been an inspiration to his children and to all who knew him. As a father he was very proud of his children and the work they were doing, especially in an ecclesiastical way. Deceased was a wonderful store clerk and his honesty, kindness and courteousness were attributes which had endeared him to everyone.

A mixed quartette from Cardston, consisting of Mr. and Mrs. John S. Smith, Mrs. Foyal Smith and Karl M. Williams sang "Goin' Home."

Pres. T. Geo. Wood said the large congregation was a tribute more eloquent than words of the respect in which deceased was held, and that the sentiments of the speakers should be a source of joy to the children. He felt that deceased had merely left on another mission and that his wife and children would be waiting anxiously for him on the other side. He wanted to go and be released from the suffering he had so patiently endured. A poem and part of the 127th Psalm was read.

Bishop Hicken added his tribute to what had been said referring to his boyhood days and the joy he always had in going to the store and being waited on by deceased. He thanked all who had assisted in any way during the bereavement.

The closing song was "The Deepening Trials" and the benediction was pronounced by L. D. King.

A large cortege followed the remains to the cemetery where interment was made.

Bishop, and Mrs. J. O. Hicken and Miss Marie Lamb, the latter recently returned from the Western Canadian Mission were the speakers at the 2nd Ward Sunday evening and all delivered interesting and very timely addresses.

REINSTATEMENT OF SCHOOL TEACHERS

A note of warning that school boards must be prepared to reinstate any of their teachers who have been serving with the Armed Services was sounded today by Hon. Humphrey Mitchell, Minister of Labour in a statement issued to the press.

"In a few cases which have come to the notice of the Department of Labour," the Labour Minister said, "it appears that some school boards have got into difficulties by forgetting that the Reinstatement in Civil Employment act requires them to reinstate their teachers after discharge from the Armed Services just as other employees must be reinstated. School boards should protect themselves when engaging substitutes to replace teachers who have gone into the Armed Services by inserting a clause in the contract that the engagement of the substitute may be terminated after the return of the teacher from the Forces."

The Minister said that some school boards have taken the necessary precautions, & that so far cases where difficulties have arisen are not numerous. However, Hon. Mitchell expressed the hope that all boards would make the necessary provision in engaging teachers as replacements for those with the Services.

"Boards might well consult with the Employment and Selective Service Offices, which administer the Reinstatement in Civil Employment Act," the Labour Minister added.

NEWS NOTES

E. E. Jensen was a business visitor in Lethbridge early Monday morning.

Mr. and Mrs. A. B. Hancock, Mr. and Mrs. S. I. May and Mrs. Laurie Duncombe were Temple visitors in Cardston on Wednesday.

Arthur Dahl of Cardston was here Sunday for the funeral services of Chas. W. Brewerton and visited with his children for a little while.

Junior Fairbanks, a motor driver in the Canadian Active Army at Currie Barracks, was home over the week-end.

A carload or two of young people were in Strling Wednesday night for the Valentine Dance held there. They report a very enjoyable evening.

E. J. Fawns and C. Rich Bennett both underwent operations at the local hospital on Tuesday morning. Both are making satisfactory progress.

The radio inspection on Thursday and Friday and business was done in issuing radio licenses. Just a suggestion to the Department that they advertise these licenses to remind people of them. It's just one of those necessary evils that we keep putting off and forgetting about.

Mr. Anne Young and Roy Brewerton arrived by plane Saturday afternoon from Salt Lake City and San Francisco respectively for their father's funeral on Sunday. They had here until Monday and then went to Cardston Tuesday and part of Thursday, returning home on the plane Thursday afternoon.

William Jensen Elected Mayor

In Monday's election, one of the heaviest votes in Raymond for a long time was cast when over 450 he called and the ratepayers he given expressed their choice in the voting.

William Jensen won over S. B. Card in the mayoralty contest with a comfortable lead. While Frank R. Taylor topped the polls with a vote of 332 to be elected to the Council go ahead, it seems that they would along with Wm. Wilde. Also voted in the Council voting were Hicken, May, Redd and VanOrman.

The elected men are in on an unwritten agreement that better water, sewage, drainage and better roads and sidewalks will receive immediate and constant attention. The sentiment is that now is the time for action to be taken on these important questions. It has been suggested by some of our Town officials that a qualified engineer be engaged to make a complete survey of all the streets and make a report to the Council as to costs and so on. The suggestion has been made that

Municipal Meeting To Be Held Saturday

NEW BUSINESS THRIVING

Platt's Furniture, now in operation a little over a month, apparently is furnishing a service of convenience and value to our community. From our observations, of materials moving in and out, there is quite a lot of activity.

Specializing in New Furniture and Stoves, with an exchange also in operation, a great deal of household furniture of one sort and another has been swapped back and forth. "Jerome" the general manager is always on hand to discuss matters with all who come to see him and to give advice on furnishing problems.

Located in the old John Deere building on the east side of Broadway, he has a large floor space, and it is generally full of attractive pieces of furniture waiting for a taker. When you are in town call and see what is on the floor, you may find just what you want. Each week an ad. in the columns of the Recorder, and you might find listed there just what you have been looking for and couldn't find. We welcome "Platt's Furniture" to the growing list of Raymond businesses.

The regular meeting of the Municipal Council was held Tuesday afternoon and most of the time was spent in going over the Financial statement and planning for the annual meeting on Saturday. The minutes of the last meeting were read and the roll passed and ordered paid.

A general assessment will be made this year throughout the district in charge of W. A. Cannichael of Calgary, who will be assisted by J. Bowen of Calgary.

The Annual meeting will be held in the Town Hall Saturday at 1 p.m. when the Annual statement will be presented and the affairs of the district discussed. Nominations will also be received for two Councilmen in districts 2 and 3, represented by Reeve Matson and Lon Nelson, and also for two members on the Magrath Hospital Board and one on the Raymond Municipal Hospital Board.

MRS. COUGLAS HEGGIE WINS PRIZE FOR FIRST BABY

With the arrival of a baby girl to Mr. and Mrs. Douglas Heggie at the local Hospital on Tuesday, they were the winners of the Baby rizes donated by the merchants and business men of Raymond. Mother and daughter are doing fine and we congratulate them. The prizes will give the newcomer a good start in life.

At this writing there are three patients recovering from operations, E. J. Fawns, C. R. Bennett and M. Karaki and Mrs. L. Rolfeon receiving treatment after a threatened attack of appendicitis.

The First Ward Elders Quorum took the program at the Sacrament meeting Sunday evening and a number of speakers delivered very interesting talks to the large audience.

WOMEN'S INSTITUTE MEETING

The Women's Institute met on Thursday, Feb 8th at 2.30 at the home of Mrs. James Maher. There were twenty four ladies present, and the meeting opened by singing "O Canada" and the first salute was led by Mrs. Webster and the creed read by Mrs. Reed Litchfield and the minutes were read and accepted. The roll call was answered by each giving an article on "Health."

Business consisted of collecting money for seeds for Britain, discussing the War Time Prices and Trade Board and Remaking Center at Lethbridge.

A letter of thanks was read from Mrs. Thomas Hicken, who received flowers sent on her "Golden Wedding Day."

An interesting and instructive paper on "Cancer" was given by Mrs. Ira McBride.

Two songs "When the Snow Flies in the Rockies" and "Tis but an old fashioned love" were sung by Mrs. W. H. King and Mrs. King and Mrs. Wm. Lamb gave a paper on "A Good Neighbor."

Mrs. Winkler explained and then divided up the making of our six Red Cross quilts, for the coming year.

Mrs. Hall called the roll for the Red-Cross work, done by members, the past month. An outfit of clothing for a girl age 14, was displayed as it had been donated by members, and a layette of infants clothing are to be made ready for shipment. Mrs. Jamieson is in charge. Community singing was enjoyed, after which a very delicious lunch was served by Medmae Fisher and Paris.

NEWS NOTES

Gordon Brewerton of Cardston was a visitor here Tuesday afternoon.

The hospital opened for patients Monday morning after all inspections had been made and every requirement of the law met.

Misses Bonnie Paxman and Hazel Cooper who are attending school in Lethbridge were home over Sunday returning again Sunday evening.

Mr. and Mrs. L.B. Duncombe returned Sunday from a 3-week visit in Ogden Utah with relatives. His father was there from California, so it was a real joyous reunion for the family.

A snow storm came in from the north Wednesday about noon with a high wind and for a while it looked like an old time blizzard. However, the snow ceased in the mid-afternoon and the mercury dropped, standing at 10 below at daylight Thursday morning.

JOBS FOR TOMORROW

By Alex M. Miller

Those who expect our Governments, municipal, provincial and federal, together with what is variously known as "big business" to provide a utopia of jobs for all at top rates after the war, are living in a fair's paradise—that is, if they expect these agencies to work without wholehearted co-operation from the people as a whole.

Of course, jobs for all at top rates is what everyone wants. It is in everyone's interest to want that condition and to do everything they can to bring it about. Full employment means more revenue for governments, more sales for all businesses, and a mounting standard of living for the whole Dominion. So nobody with his head screwed on the right way wants anything else. Only the criminal minded and the subversive thrive on human distress. Loose talk about sinister groups who want "to take us back to the bad 'thirties'" is rank nonsense.

At any rate, it is best to assume

that most people are like ourselves and want security and a higher living standard for all; that we don't want to get this the Hitler way, but insist on as much personal freedom to live our lives the way we want to, as is consistent with law and order.

If this assumption is correct, then no government or governments and no "big business" or little business group or groups, and no financial magic can do the whole job for us. Our individual co-operation is essential as long as we have a dollar to spend or save.

Here we should remind ourselves that every dollar we control is the power to make others work a dollar's worth for us at the job we want them to work at for us.

We don't need to spend recklessly now to keep our fellow workers employed when half our national income is going to keep us free.

This is the time to hang on like grim death to our war bond and cash savings, so that we will have them to create jobs when the war is over.

Then, when victory is complete, it will be our privilege to pay our fellow workers to work for us growing and making the necessities of life first and the conveniences of life second, leaving the fads and frills a weak third.

Everyone who does this will be a bulwark of national prosperity and a warrior in the battle for economic freedom.

YOUR VICTORY BONDS ARE JOBS FOR TOMORROW.

A Lonely Road

A weary soldier, a heavy load,
Walking along a lonely road,
A road that has no love for the weak, or the humble & meek,
Along its way the weak have died,
And even now the strong will hide.

A shattered tree a lonely farm,
That in life had done no harm,
There many a soldier has laughed and cried,
And hundreds more have even died.

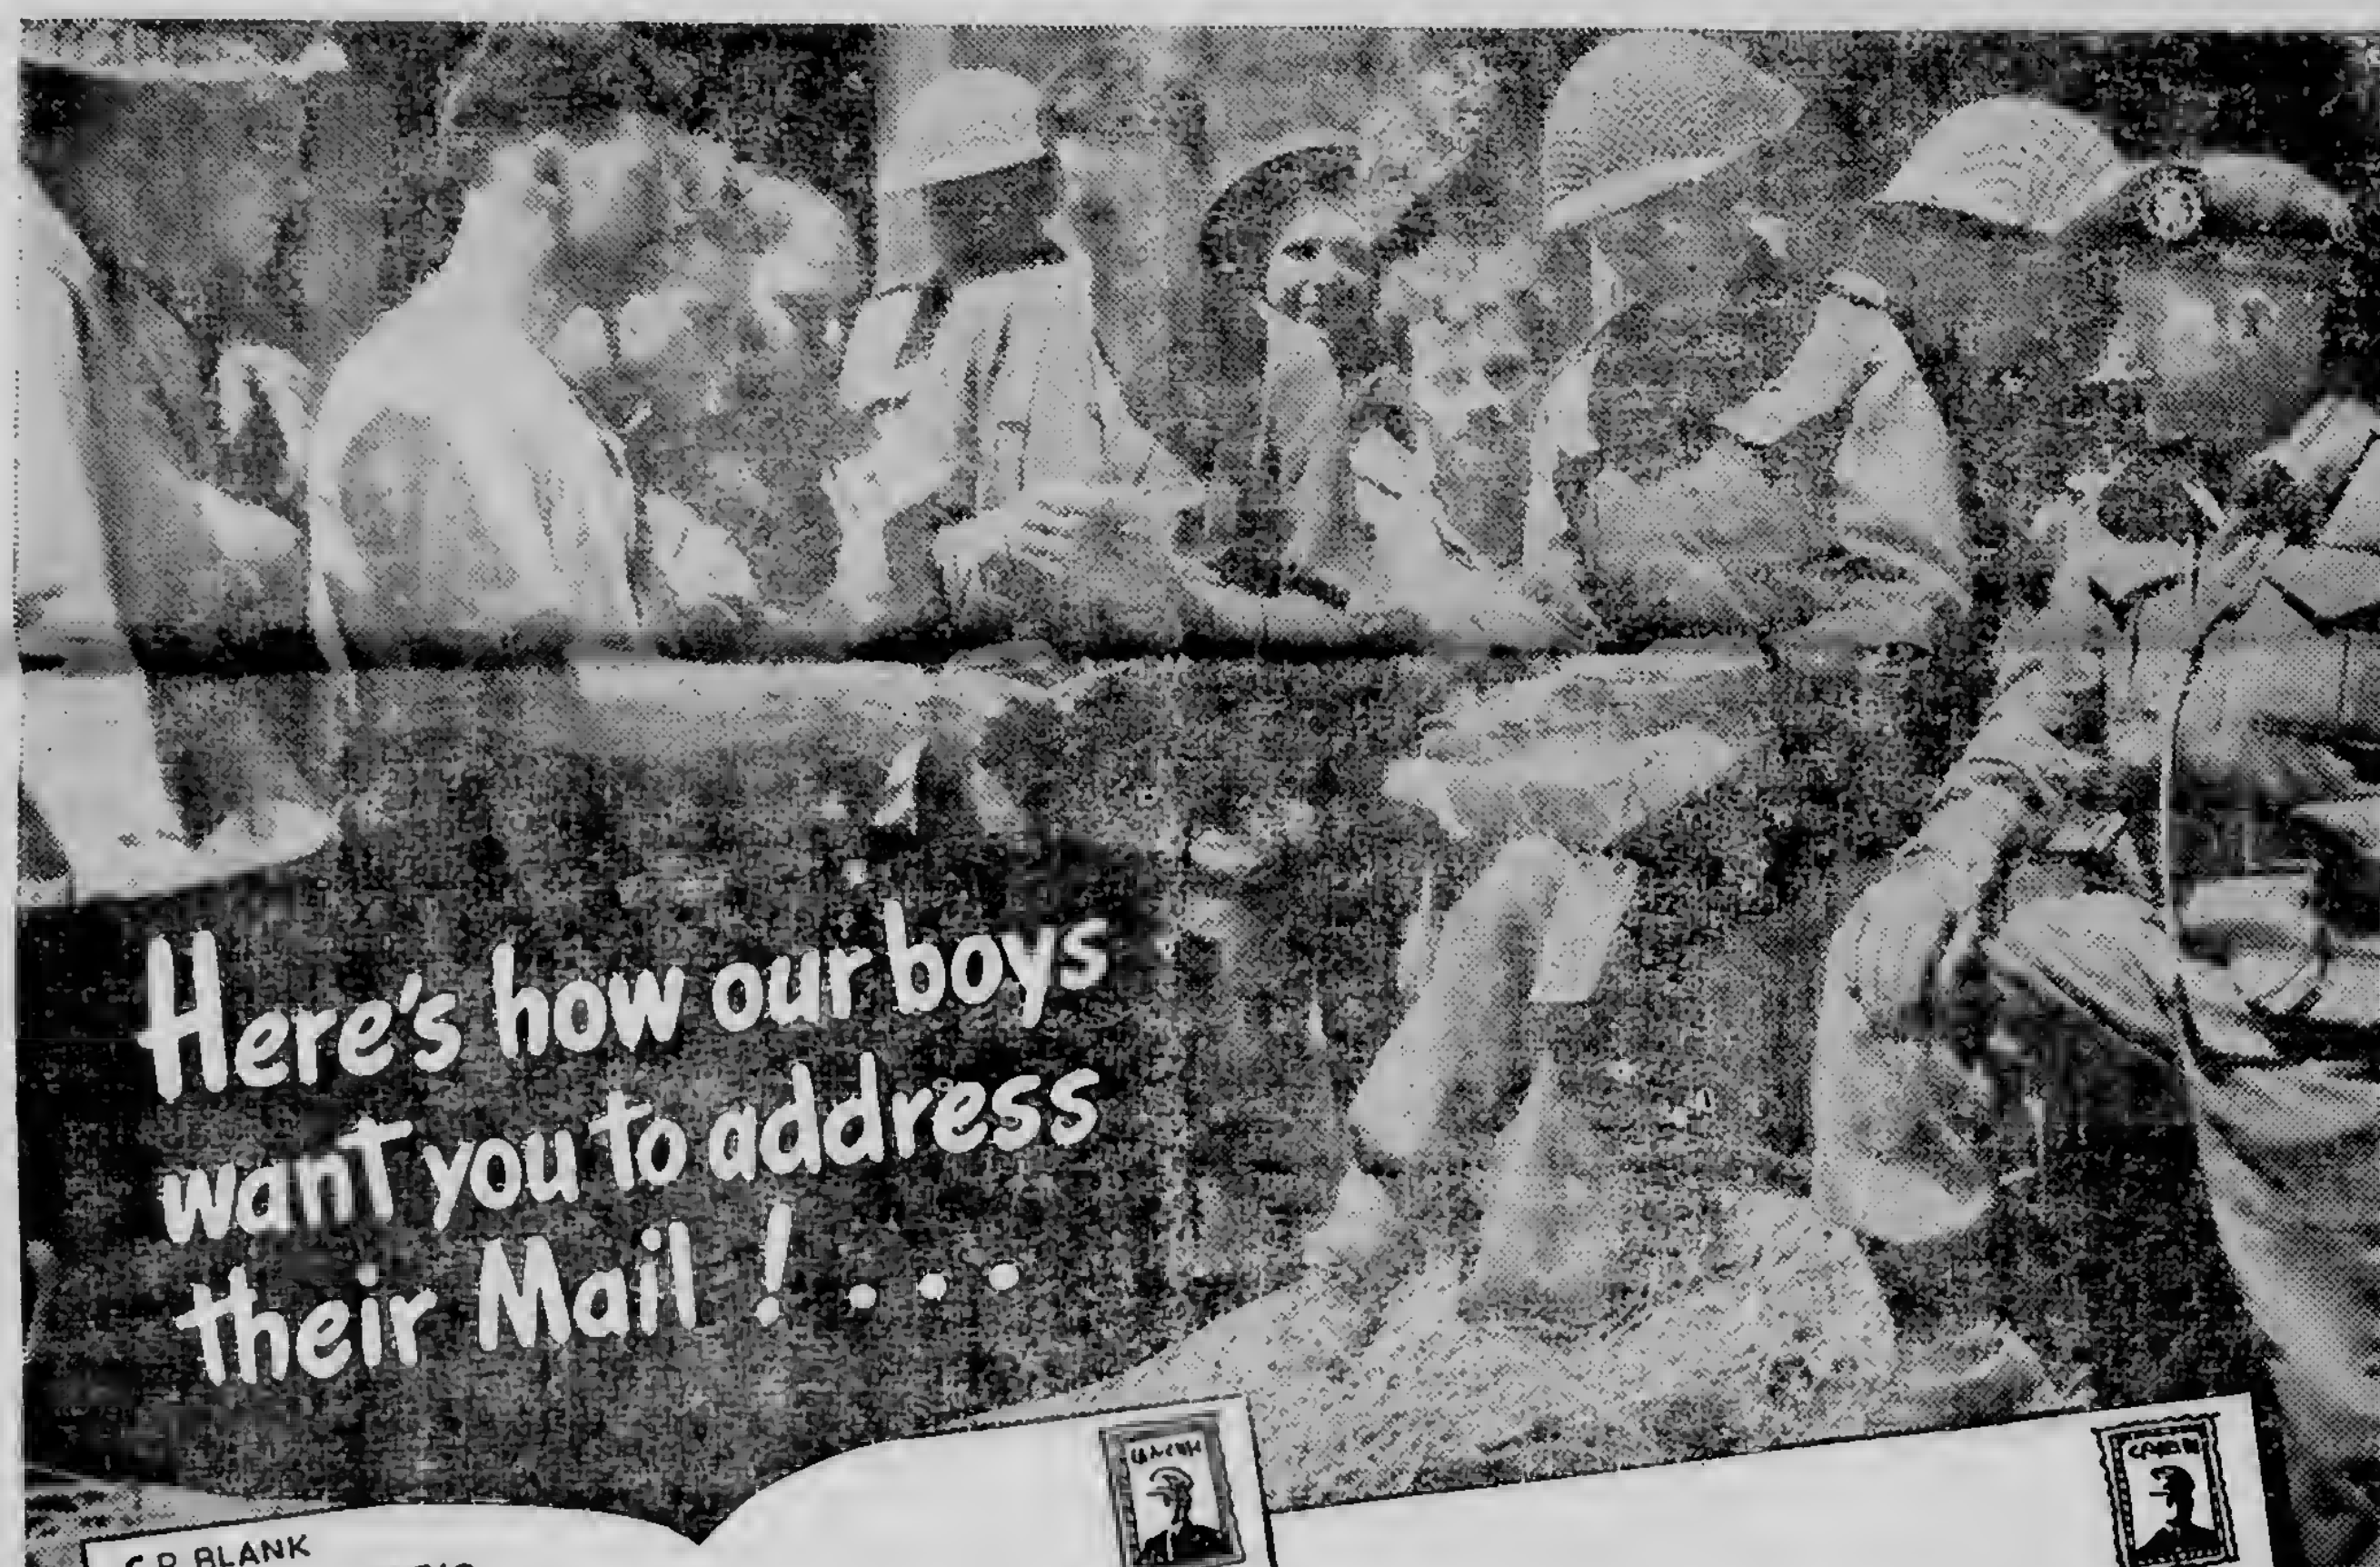

This road where hopes and dreams have ridden,
Now each smile and laugh in your heart is hidden,
And all but dreams are there forbidden,
But that's a road you will never know

Because your sons have made it so,
Many have died and carried the load,
So that you shall never walk that lonely road.

E. M. Rasmussen

Jesse Seville returned to his home in Provo, Utah, Wednesday, after a visit here with his aged mother, who has been very ill, and other relatives and friends.

Arthur Nilsson, former resident of American Fork, Utah after spending a very pleasant month visiting friends and relatives here.

CANADIAN ARMY
OVERSEAS.

LEGIBLE
LIKE THIS

Write clearly or print in block letters, giving complete details. Write your own name and address on upper left hand corner.

NOT
LIKE THIS

Don't take a chance on poor "handwriting".
You may save a minute — at the cost of many weeks' delay.

THIS is a war of rapid movement. Overseas mail must be handled many times before it reaches your man. If you write a wrong or incomplete address, it may cause weeks of delay in spite of all your Post Office or Canadian Postal Corps can do to speed delivery. You can save much heart-ache by following these simple rules:

1. Write clearly or print full address in block letters.
2. Make sure the address is COMPLETE, many delays are caused in Army mail by senders omitting name and number of unit.
3. If you are writing to a wounded man in hospital Overseas, write the usual COMPLETE address, then ADD the words "IN HOSPITAL" in large letters on the envelope.

YOUR PARCEL MUST FACE THE RIGORS OF WAR . . .

Your parcel must stand the weight of thousands more pressing down on it in the hold of a lurching ship at sea. It must stand rough transport, often under fire, over shell-torn roads. Pack your parcels in corrugated containers, wrap in several layers of heavy paper and tie with strong twine.

DON'TS for SENDERS: Don't pack matches or lighter fluids. Don't send foods that can spoil. Don't send liquids in cartons or glass. Don't forget to affix completed customs declaration. Don't use "shoe boxes", they crush easily.

HIRING OF HOUSEWIVES FOR PART TIME EMPLOYMENT.

Housewives may now be engaged for part-time jobs, for a period of up to three full work shifts in a week, without Selective Service permit, according to a statement issued today by Arthur MacNamara, Director of National Selective Service.

Previously Selective Service required permits wherever a housewife was being engaged for more than 24 hours employment in the week; the new rule permits employment without permit, even where the three full shifts total more than 24 hours for the week.

Also in future it will not be necessary for an employer engaging a

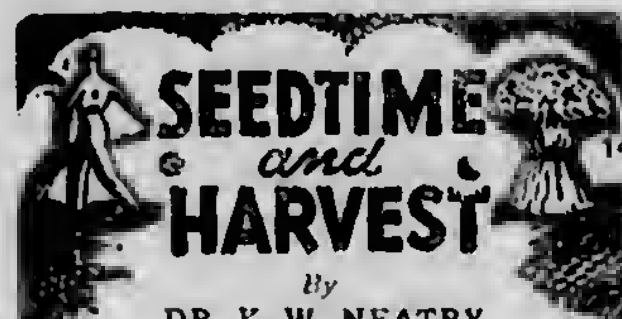

British Troops Launch Attack On Hertogenbosh

At dawn on October 22nd the British Second Army struck westwards from Oss towards the important town and rail junction of Hertogenbosh some 12 miles away. Within the first few hours of the attack, British infantry and supporting tanks had advanced up to 2000 yards and by October 24th many towns and villages had been captured and battle had been joined in Hertogenbosh itself. Picture shows: Flame-throwing tanks moving up to battle positions.

housewife for not more than three work shifts in the week, to secure permission of National Selective Service to advertise for this type of employee.

The new ruling arises out of an interpretation of "part-time part-time employment", which is exempted under Selective Service Regulations from permit requirements.

Production Objectives

The Dominion Department of Agriculture is to be commended for the early release of a statement as to desired increases or decreases of various agricultural products. Objectives were published last December. Recommended or, in some cases, expected acreages or production for 1945 are expressed as percentages of 1944 acreages or production.

An increase in almost all agricultural production is desired. The following figures merit the attention of Prairie Province farmers:

Increases (% of 1944). Oats, 12; barley, 10; summerfallow, 3; cattle, 8; calves, 10; sheep and lambs, 3; creamery butter, 5; eggs, 6; rape seed, 75; sunflower seed, 45; sugar beets, 20; alfalfa seed, 93; crested wheat grass seed, 6.

Slight Change, or None. Hay and clover, hogs, dairy produce other than creamery butter, honey, wool.

Decreases (% of 1944). Wheat, 8; rye, 23; sweet clover seed, 38; bromine grass seed, 25.

The position of seed flax is, as we write, in doubt. It is probably safe to assume that an increase in production would be welcomed, and that this will not be realized without a substantial increase in price.

The above programme is an ambitious one. Farm labour will certainly not be plentiful and, in consequence, there will be a temptation to increase wheat at the expense of other farm products. The government recommendations have been made after careful consideration of our own and our allies' needs.

RAYMOND RATEPAYERS

February 14th, 1945

TO RATEPAYERS:

I am taking this opportunity to express my thanks for the confidence you have displayed in voting me as one of your representatives in directing town affairs for the next three years. I accepted this responsibility only because of my interest in making Raymond a town which we can be proud of without undue cost, and enjoy living in. I am sure with proper co-operation of all Raymond's Citizens that this can be accomplished.

Yours very truly,

FRANK R. TAYLOR

WAR SAVINGS CERTIFICATES PLAY A BIG PART

"Less spectacular perhaps than Victory Bonds, but not to be overlooked, are the sales of War Savings Certificates and Stamps. These provide an opportunity for the Government to make an appeal for contributions and regular savings, and I want to thank the school authorities, the Food Industry and the Drug Industry in particular for their patriotic and intelligent efforts in promoting sales of these Certificates. In 1944 will amount to about \$57 million and new sales of Stamps to over \$10 million. A single War Savings Stamp costs but 25 cents, not much perhaps, but the 200 million individual stamps which have been sold since May, 1940 have produced but is well again now.

A Dollar Can't See Through a Telescope

When it comes to a long distance venture like saving for the future, dollars alone can't see very far ahead.

Left alone, dollars are lazy by nature. They just lie around in people's pockets until they are spent.

But the moment a dollar is paid on a life insurance policy, it starts to work.

The hundreds of millions of policyholders' dollars invested in Canada today are performing a three-fold service:—

1. They are setting up financial protection for the policyholders' old age or the future security of their families.
2. They are backing Canadian fighting men wherever our forces are in action.
3. Their investment now for future use acts, meanwhile, as a brake on consumer spending and so helps to fight inflation which would menace our fighting men and civilians alike.

Actually life insurance dollars are among the busiest dollars in the world.

Such dollars are never idle. They are always circulating for the benefit of all.

It is good citizenship to own
LIFE INSURANCE

A Message from the Life Insurance Companies in Canada.
